I`ve got the power

Feeling high, turn the music loud Just keep on to rock n roll High top speed, and burning heat Get's vou out of time My eardrum works feels like it bursts You can beat the devils tattoo I don't need the blare of trumpets I`m not in the dumps I`ve got the power, you`ve got the money You make me to the top tonight I`ve got the power, you make me feel allright I`ve got the power, so i will be alive Bang your heads and stamp your feet **Right down to the floor** You`ve got the choice, my girls and boys Do you like it soft or hard Hear my voice or play with dolls Now it's time to decide What i feel and what i like is that beat of a drum
