

shoot from the stars

lights from so far , there`s a hope

such a long way, we`ve to go

good or evil, that`s the choice

god or devil , give your voice

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere

all the people in the world

politicians make their rules

all the starvelings, we don`t see

and the cheats they, go their way

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere

shoot from the stars ,you can`t call up the evil nowhere
